

What if my child decides not to be confirmed at this time?

Sacraments are not things that happen on someone else's timetable. Fortunately or unfortunately we have placed many of our sacraments into "grade " but that isn't what our faith journey is about or how God works in our life.

There is no penalty for waiting to be confirmed. The crucial reality is to surround our young people with a supportive, vibrant, faith-filled community in their homes & parishes. Sacraments are celebrations that God has first loved us, celebration of God's actions in our lives, and then our response on that action.
