

ST. PIUS X
CATHOLIC SCHOOL

Discipline for Life. Spiritual. Academic. Personal.

We applaud your commitment to our Parish and to your children's Catholic education. We are blessed to have a state-of-the art school campus, a superior teaching staff and dedicated parents to support our children on their faith filled educational journey. The return on this investment is seen year after year through the large number of scholarships and honors recognition received by our graduating students. As another successful school year is rapidly coming to an end, planning is well underway for 2010-2011. Our top priorities remain intact: maintain the highest levels of academic excellence and keep Catholic education at the lowest cost to our parish families.

Like all forms of education, however, we are challenged yearly by rising costs. The upcoming year is no exception. The tuition costs defined below reflect a collaborative effort by the pastor, the administration, and BoTCE to keep the financial burden on our parish families as low as possible. Our parish remains firmly committed to Catholic education subsidizing 36% of its operating income to educate children in our Catholic school. Sunday Mass attendance and regularly tithing is a crucial part of our ability to provide this service.

A **renewal auto-debit form must be filled out** that allows you to determine your choice of days for withdrawal of your tuition payment. In response to a large number of requests, all fees will be added into the final amount and distributed over 11 or 12 monthly payments (your choice), beginning in July, 2010.
